Superb software for Trade Me sellers

List faster, list smarter. Save money, save time.

WHAT IS TRADEVINE?

Tradevine is an online back office system that is designed to sell across multiple sales channels simultaneously. Tradevine is fully linked to Trade Me for sales and Xero for accounting and bank reconciliation. As a back office solution, Tradevine incorporates sales, purchasing, inventory, product management and business performance metrics.

Feature List

Trade Me Integration

100% Kiwi, Tradevine has been built from the ground up to work closely with Trade Me's selling API.

Xero Control, Zero Effort

Tradevine automatically creates all the right transactions in Xero, all the hard work is done, allowing you to focus on your business.

Real Time Inventory

Our perpetual inventory system follows the FIFO principle 'First In First Out' - this ensures accurate, real-time inventory quantities and valuations.

Sales and Purchasing

Comprehensive order management for both your sales and purchasing. Trade Me sales automatically appear in Tradevine. Draft Purchase Orders are automatically generated as and when required.

Fulfilment

You sell it online, we ship it on time! Do you really need a warehouse and all the associated overhead? Is shipping really your core business? We can safely and securely receive and store your inventory and then professionally ship your goods at great rates! Enquire now.
